**KIDS COLLECTION**

Wallpaper line dedicated to kids. It is a complete, multi-coloured collection, realised with completely non-toxic colours and top-quality fibres, which pictures kids' all-time favourite graphic subjects. They can be used for decorating bedrooms, dens and playrooms with the lightness of a fairytale world: dolls, planes, dinosaurs, bears and robots, with all-over patterns, floral details, lines and cubes, light pastel tones and nuances or saturated, fluorescent colours. Or again, trees, fantastic cities, bricks, pastels and toy cars. An authentic series of little wonders for interior design projects and living spaces dedicated to kids, in tune with their dreams and games.
