2019 Collection

Imagination runs unbounded between the powerful themes of vegetation and animal prints, with noticeable references to geometries, in which diagonal bands of more sober shades meet a dreamlike nature: moths, hibiscus flowers, parrots. Let your imagination run wild with circus imagery, tigers, objects and esotericism that blend into the graphic pattern. Elements that speak to the eye of the beholder. More than simple decorations, more than just details; they are key elements that give the walls a new voice. A submerged Eden can be unweaved between curved lines and earthy colors, in the tropical imagery, enchanted gardens and bursts of vegetation.
